# Erg Chebbi (Erfoud/Merzouga)

# Steinwüste Agafay

A wide-angle photograph of a desert landscape at sunset. The sun is low on the horizon, casting a warm, golden glow over the scene. The sky transitions from a bright yellow near the sun to a deep orange and then to a pale blue at the top. The foreground is dominated by a large, smooth sand dune with fine ripples. In the middle ground, there are several small, dark, scrubby bushes scattered across the sand. In the background, a range of low mountains or hills is visible under the hazy sky.

A background image of a sunset over a mountain range. The sun is a bright, glowing semi-circle on the horizon, partially obscured by the dark silhouette of a mountain peak. The sky is a gradient of warm orange and yellow tones, transitioning to a darker orange near the horizon. The mountains in the foreground are dark and layered, creating a sense of depth.
